This happy picture is of the latest participants and their children in Love INC's computer training classes.

Three times a week in our office, we give classes in Microsoft Word and Excel. So often we get calls from those who need financial help because they don't have the skill level for higher paying jobs. The free course gives people the opportunity to apply for jobs that require computer experience. Since our computer training began in the fall of 2005, over 75 individuals have participated, and we have a number of success stories.

Amanda* is one such success story. She came to Love INC with some certificates in x-ray technology, but no computer skills. Unable to find a job, she was a diligent Microsoft Word student, mastering the essential elements of that application.

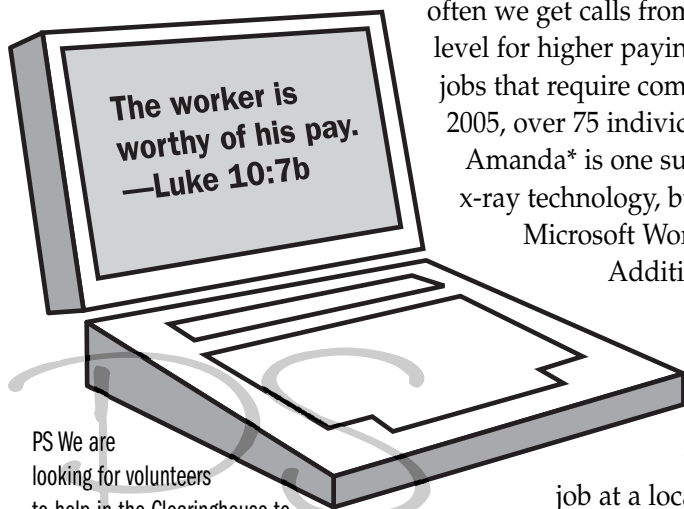

Additionally, during this time the Clearinghouse was called in to assist Amanda with a utility bill. Barry, our computer instructor, suggested that for the medical field she might also need Excel, and there Amanda demonstrated similar enthusiasm. Highly motivated, she quickly learned the rudiments of Excel. Armed with this newly learned computer knowledge, Amanda secured a job at a local orthopedic medical practice in Ocean Township and financially is doing much better because her skill level commands a better salary.

How grateful we are to affect change in people's lives and see them grow and flourish. With Monmouth County being such an expensive area to live in especially when it comes to housing, we are thankful to give people assistance in job training.

Thank you for your help in making a difference for some deserving people. May God richly bless you and your families,

Carolyn

PS We are looking for volunteers to help in the Clearinghouse to answer phones and work with clients who call in. We will train you, and you will get to know the social service system as well as local churches that help. We are here Monday through Friday 9:30 am - 3:30 pm. Helping even a couple of hours would be appreciated. Call me at 732.542.7012 ext. 210. Thanks!
